

A Breath of Fresh Air: Focus on COPD and the Healthcare Team

OCTOBER 2005						
S	M	T	W	T	F	S
						1
2	3	4	5	6	7	8
9	10	11	12	13	14	15
16	17	18	19	20	21	22
23 30	24 31	25	26	27	28	29

Through their participation at this program, the participants will be able to:

- Recognize the importance of a chronic disease management approach such as the PRIISME program, in the treatment and management of COPD;
- Become more familiar with the COPD guidelines;
- Apply clinical practice guidelines to case studies.
